

***The following information and materials must be received before your application will be reviewed.***

**An Official Transcript.** This should be complete up to and including your Fall 2008 term grades.

**Potential Faculty Mentors.**

After reviewing the research interests of CNUP Training Faculty participating in the 2009 program (<http://cnup.neurobio.pitt.edu/people/summerfaculty.aspx?by=x1&summer=1>), please name up to 3 from this list with whom you'd potentially like to work.

**Personal Statement.** This statement should be typed, double-spaced and 1-2 pages long. In your statement please describe (1) previous research experience, if any, and (2) your plans regarding post-baccalaureate training and anticipated future career goals.

We will make an effort to match successful applicants with one of their indicated faculty mentor choices. Therefore, in the final portion of your personal statement, please clearly state why you would like to work with each of the CNUP training faculty listed above (this can be done in one or two sentences for each choice indicated).

**Two Letters of Recommendation.** Please request letters from two faculty members (usually at your home institution) who best know your academic work and list these individuals below.
